TANNER STILES PUBLISHING

Specification Magazine

Read by the whole specification team and currently experiencing the fastest growth in individually requested readership in the whole of the architectural and building sector.

Building Specification Magazine Public Sector Supplement

Each quarter Specification Magazine publishes it's highly successful quarterly supplement. Split down into five key sections, Public Sector Building covers Health, Education, Social Housing, Urban landscape and Infrastructure for building and construction in the public sector.

Hotel, Sport & Leisure Supplement

Reaches every specifier currently working on a hotel, sport and leisure project, (as well as hoteliers and owner managers of leisure facilities). Hotel, Sport and Leisure aims to keep it's readership up to date with developments in new products and methods of construction and design in this fast moving sector.

Specification Product Update

In today's multi media environment Architects, Contractors & Specifiers need a quick and easy reference point for products, services and new ideas. Specification Product Update now offers that and much more.

Project Management for Building Cards

Project Management for Building cards are unique in that they are published in print and online making one of the best value product card packs in the industry. PMFB cards are sent to every named specifier who, as part of the management team, are involved in the specification process on live current projects.

Specification Magazine Media Details

CIRCULATION

Specification Magazine's circulation is meticulously researched to ensure that it reaches key specifiers when they are actively working on live projects.

Each issue of the publication is mailed out to an ABC audited circulation drawn from three key areas, individually requested readers, current enquirers and every named specifier shown on Glenigan (project leads) as working on a live project. In the last 12 months Specification Magazine has experienced an unprecedented 109% increase in its individual requested readership, an increase that will be reflected in the magazines planned growth during 2009 to a circulation in excess of 20,000.

Specification Magazine - Project Response Analysis

Project Response Analysis is a dynamic new online enquiry service that provides our advertisers with unique information about the project that the enquirer to their advertisement is working on. Developed in conjunction with Glenigan we have developed an online marketing intelligence tool that provides your sales and marketing department with online access to key data about the project planning stage, the project detail and more importantly the contact details of the specification team involved.

This service is available across our complete portfolio of Architectural & Building titles.

Description Categories Notes

Scheme Description

Scheme comprises construction of industrial/office building. Associated works include access roads, sewer systems, infrastructure, enabling and landscaping.

Planning Description

An application for detailed planning permission was granted by Blackburn B.C.

Building Specification Magazine Media Details

Special Public Sector Supplement

Each quarter Specification Magazine publishes its highly successful quarterly supplement, PUBLIC SECTOR BUILDING.

Split down into five key sectors, this special (Berliner) tabloid size issue covers the following elements of building and construction in the public sector.

- HEALTH
- EDUCATION
- SOCIAL HOUSING
- URBAN LANDSCAPE
- INFRASTRUCTURE

Plus a regular round up of news and new product development in this highly lucrative sector.

Published in print and in digital format this quarterly Public Sector Supplement is circulated in print to the full ABC requested circulation of Specification Magazine and to every named specifier currently working on a project across the five sectors above in digital format.

The digital circulation figures quoted below represent the number of named specifiers with email addresses working on public sector projects as at January 5th 2009. This figure will either increase or decrease dependant on source data of live projects from Glenigan at the time of publication, and will be made available for each issue.

Specification Product Update Media Details

Easy to read format

In today's multi media environment Architects, Contractors & Specifiers need a quick and easy reference point for products, services and new ideas. Specification Product Update now offers that and much more with the addition of two new mediums that have been specifically designed to provide information, in both digital and online formats, enabling Architects, Contractors and Specifiers to source information via their preferred medium.

Specification Product Update's simple to read format has migrated effortlessly onto a digital platform and it's popular category system provides an ideal model for an online web product portal and search engine.

Specification Product Update Media Details

(Effective January 2009)

Circulation

Specification Product Update's circulation is constructed from three distinctive aspects of the Tanner Stiles Publishing (TSP) database. Published quarterly, the magazine's circulation consists of the following:

- Individually Requested readers from Specification Product Update's sister title, Specification Magazine.
- All enquirers with a specifying influence that have enquired through other building related magazines and online directories within the TSP group in a 12 month period.
- Architects & other key specifiers who are currently working on live new build and refurbishment projects (Source emap glenigan).
- Specification Product Update's circulation has increased by over 30% in the last 12 months thanks to it's new new digital turn page version which is now requested in this format by over 5200 specifiers.

Project Management For Building Cards

Media Details

CIRCULATION IN PRINT AND ONLINE

Project Management for Building cards are unique in that they are published in print and online. Many of our readers now prefer to receive these cards in an online digital format and make enquiries online or have the facility to hyperlink directly to an advertisers website. This innovative new format can be viewed at www.pmf.co.uk and when combined with our print product represents one of the best value product card packs in the industry. PMFB cards are sent to every named specifier who, as part of the management team, are involved in the specification process on live current projects. A key advantage with Project Management for Building cards is that the circulation is updated for each published issue, effectively providing the advertiser with a new circulation each time their advertisement appears.

Circulation Analysis	PRINT	ONLINE

Online Media Details

TO EVOLVE YOUR ONLINE PRESENCE WE ALSO OFFER THE SERVICES LISTED BELOW. THESE COMBINE KEY USER DATA WITH CUTTING EDGE DELIVERY METHODS TO MAKE YOUR MESSAGE BRING IN THE BEST RETURNS.

Web Development

Whether you want to bring your website in line with new branding, need to promote your current website in new ways or simply get started online we have the experience and tools to help. We offer solutions for back office systems, hosting, SEO and flash animation to mention just a few. Contact us today to see how we can improve your online presence.

Digital Magazines & Brochures

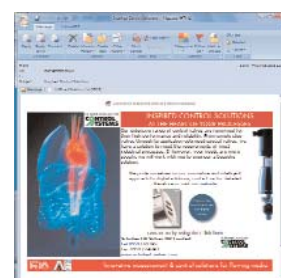

Our new digital editions of Specification Product Update Magazine, and Project Management for Building Cards turn our print literature in to online resources. Including the complete print content with videos, animations, weblinks and online forms, gives readers more ways to enquire for your content than ever before. With our new tracking system we can even provide you with email addresses of everyone that enquires or visits your site. As an added bonus we can also turn your printed literature in to a digital brochure at a very competitive price.

E-Bulletins & Direct Mail

Alongside a strong requested readership we also collect email addresses from parties involved in projects around the UK. This email database gives you the perfect opportunity to reach a highly targeted audience through either magazine branded e-bulletins or direct mail of your own. Whether we create the email or simply provide the market why not explore this option today?

Skyscraper adverts are available, as well as press release teasers which link to full adverts online or hyperlink direct to your website.

TSPDIRECT
TANNER STILES PUBLISHING

Direct Mailing

Purchasing mailing lists with TSP Direct

Providing your sales team with direct access to potential sales from specifiers, buyers and Procurement officers who are actually involved on active live projects.

At Tanner Stiles Publishing we pride ourselves on the quality of the circulation data we manage for our range of magazines, product cards and e-media products. Circulation data is always going to be more up to date than traditional mailing lists, simply because we are updating information from our clients on a daily basis. We have a strict regime in place to ensure that permission is specifically sought before we can release our list data for third party usage.

We specialise in specific markets which are broken down into the following sectors.

- Architecture & Building
- Local Authority
- Hotels
- Sport and Leisure
- Playground & Sport Activities
- Landscaping
- Amenity
- Housing Associations
- Registered Social Landlords
- Housebuilders

For costings and a demographic breakdown of your requirements please contact our sales department for further information or visit www.tspltd.co.uk/direct_mail.php where a list of job titles can be accessed and a request form emailed to our circulation department for action.
